

Checking for Shipping Locations

Academy Sports and Outdoors new OTM (Oracle Transportation System) is soon to Go-Live. In preparation to the event please log into our test environment to verify your company's locations and shipping locations are set up correctly by following the steps provided on the Checking for Shipping Location training below.

In the event you do not see your location or you need to make changes, complete the attached form and we will add it to the production environment before Go-live.
