At no additional charge, Vendor shall package, label, handle, load and secure the Merchandise properly, in accordance with Specifications and in a manner that will prevent damage to the Merchandise during shipment, handling, and storage under reasonably foreseeable conditions. Vendor will comply with all Legal Requirements applicable to the packaging, labeling, storage, shipment, stocking, sale and resale of the Merchandise and shall conform to the requirements set forth herein. Vendor shall coordinate with forwarders and transporters regarding the packing, labeling, loading and handling of the Merchandise, and Vendor shall ensure that the Merchandise arrives in a manner that satisfies all Legal Requirements and the customs authorities of the United States.

All invoices submitted to Academy shall be denominated in U.S. dollars. Should a letter of credit be issued, it shall be governed by the terms of ICC Publication 500.

- 4.4 Failure to Meet Not Before Date or Not After Date.** Vendor shall immediately notify Academy upon becoming aware that Vendor is in jeopardy of not delivering or shipping all or any portion of the Merchandise on or before the Not Before Date or the Delivery Window, as applicable. If Vendor fails to ship or to deliver, as applicable, all or any portion of Merchandise on or before the Not Before Date or the Delivery Window, as applicable:
- (a) Vendor shall use commercially reasonable efforts to ship such Merchandise as soon as possible and to ensure that other shipments are not delayed, and if other shipments are expected to be delayed, Vendor shall provide Academy with immediate notice identifying those shipments along with a written plan for minimizing the expected delays and resuming timely shipments;
 - (b) Academy may, in its sole discretion, (i) cancel the Purchase Order, in whole or in part, (ii) purchase cover Merchandise at Vendor's sole cost, (iii) negotiate a discount from any price to be paid by Academy, and/or (iv) deduct a charge-back. Any adjustment pursuant to (iii) or (iv) above shall be calculated and applied in addition to discounts applicable under the original Purchase Order, and all remedies stated above are without limitation of any other right available to Academy at law or in equity; and
 - (c) If Academy does not cancel the Purchase Order in whole, then upon the written request of Academy, Vendor will ship the Merchandise, at Vendor's expense, to the location designated by Academy via air carrier if necessary for next-day delivery as soon as the Merchandise is available for shipment.
- 4.5 Fulfillment of Purchase Orders.** Vendor's fulfillment and performance of each Purchase Order must be strictly in accordance with the terms, dates and conditions set forth in these Terms and the Purchase Order, and if not in accordance with said requirements, then Academy may return the Merchandise, in whole or in part, at Vendor's expense and exercise any other rights available to Academy at law or in equity. Vendor will manufacture and supply Merchandise in accordance with the Specifications for the Merchandise and shall ensure that the Merchandise satisfies the applicable Specifications when delivered.
- 4.6 Inspection and Acceptance of Merchandise.** Academy shall have the right but not the obligation to inspect, test and accept or reject all Merchandise provided pursuant to this Agreement. Academy may reject all or any portion of a shipment of Merchandise at any time if such Merchandise does not comply with any provision of the Purchase Order, a Legal Requirement, or a Vendor Warranty, contains a Hazardous Condition, or if

Academy determines that the Merchandise contains a non-conformity or is defective in any manner (including failure to conform to the Vendor warranties set forth in **Section 6.1**) (each, a **"Defect"**). Resale, repackaging, or actions taken to affect resale of the Merchandise shall not bar Academy's right to reject Merchandise. Furthermore, Academy's return of defective Merchandise shall not relieve Vendor from the obligations contained in the Purchase Order. If Academy finds that any Merchandise contains a Defect, then Academy may, in addition to any other rights and remedies available at law or in equity, take any of the following actions: (i) accept such Merchandise in the nonconforming condition, reduce the amounts payable for such Merchandise by an amount that shall equitably reflect the reduced value of such Merchandise, deduct a chargeback and correct the nonconforming Merchandise (directly or by use of a third party) and charge Vendor for the costs incurred to make such correction (**"Chargeback"**); please refer to the applicable Chargeback Schedule (found [here](#) for Import Vendors and [here](#) for Domestic Vendors) for additional Chargeback information and Chargeback Schedule requirements; (ii) reject and hold the Merchandise at Vendor's expense, and require that Vendor deliver conforming replacement Merchandise at Vendor's sole cost; (iii) reject the Merchandise, return the Merchandise to Vendor at Vendor's expense, and require that Vendor repair the Merchandise so that it is conforming at Vendor's sole cost; or (iv) reject the Merchandise and terminate the applicable Purchase Order, in whole or in part, return the Merchandise to Vendor at Vendor's expense and refuse payment of the applicable invoice (or require reimbursement by Vendor of all amounts paid by Academy in connection with the purchase of the returned Merchandise if and to the extent that any payment has already been made). If Academy elects the remedy described in the foregoing (ii) or (iii) and Vendor fails to deliver conforming replacement Merchandise or repair the Merchandise within a reasonable time, then Academy may purchase cover Merchandise at Vendor's sole cost. The costs and risk of loss or damage associated with shipping rejected Merchandise to Vendor or delivering replacement or repaired Merchandise to Academy will be borne by Vendor. Refunds or credits issued for the purchase price of any rejected Merchandise will be issued within ten (10) days after Vendor's receipt of such Merchandise. The acceptance, rejection and/or exercise (or failure to exercise) by Academy of its rights and remedies set forth in this **Section 4.6** will not affect any of Vendor's warranty, indemnification, compliance or other obligations under this Agreement or the time periods applicable to them. Any delay or failure in discovering a Defect in the Merchandise shipped under a Purchase Order shall not preclude Academy from later exercising its rights under this Section; *provided, that* Academy gives prompt notice after such Defect is reasonably discovered by Academy. Notwithstanding anything in this Agreement, Academy expressly retains its right to pursue a claim or charge-back with Vendor for shortage, damage, lack of timely shipment, other defect of freight, any Defect in the Merchandise or any failure by Vendor to comply with these Terms. In the event of a dispute as to whether Merchandise was returned by Academy, the production of a bill of lading or comparable title document by Academy with respect to such Merchandise will constitute prima facie evidence that the Merchandise was returned by Academy, and Vendor shall then have the burden to prove by clear and convincing evidence that such Merchandise was not returned by Academy.

- 4.7 Drop Ship Vendors.** If Vendor operates as a "drop ship" vendor, then the terms and conditions set forth in [Appendix 5 \(Drop Ship Vendors\)](#) shall apply in addition to these Terms.

Notwithstanding the foregoing, Academy shall not be obligated to pay an invoice delivered more than ninety (90) days after the date that the invoice is required to be delivered to Academy. For additional payment instructions see [here](#).
- 5.4 Letters of Credit.** If approved by Academy in writing, payment may be made pursuant to an irrevocable, documentary letter of credit for the full amount of the invoice, opened by Academy at its expense with an advising bank not later than forty-five (45) days prior to the Not Before Date. The letter of credit (i) will be governed by the terms of ICC Publication 500, (ii) may be drawn by presentation of a time draft or sight draft on an advising U.S. bank selected by Academy, and (iii) will have an expiration date not earlier than twenty (20) calendar days from the Not Before Date.
- 5.5 Taxes.** Unless Academy timely provides Vendor with a valid and applicable exemption certificate, Academy agrees to pay all sales, use, excise, and similar taxes levied or based upon its use or purchase of the Merchandise (excluding taxes on the Materials) and assessed by a local, state or federal taxing authority within the United States. Any taxes assessed to Academy will be separately stated on the invoice. If Vendor fails to identify or charge any such taxes and the taxing authorities determine that such taxes are due, then Vendor shall be responsible for and shall pay such taxes to the appropriate taxing authority. In addition, Vendor shall be responsible for and shall pay all interests, levies and penalties related to any failure or delay by Vendor in paying such taxes. Vendor will be responsible for the payment of all non-United States taxes, charges or levies, including any value-added tax. Customs duties assessed by United States authorities will be paid

in accordance with the Purchase Order and are not to be interpreted as a “tax” for purposes of this **Section 5.5**. Notwithstanding the foregoing, each Party shall be responsible for: (i) any real or personal property taxes on property it owns or leases; (ii) employment taxes of its own employees; and (iii) taxes based on its net income.

5.6 Right of Set-off. Academy shall have the right to set off and reduce the payment of any amount due under this Agreement and any Purchase Orders by the amount of (i) any claim that Academy may have arising from a transaction under this Agreement, (ii) any claims that Academy may have arising from other transactions with Vendor, and (iii) any claim by a third party against Academy associated with the transaction under this Agreement or other transactions with Vendor (including any claims arising out of or related to (a) the bankruptcy of Vendor, (b) the failure by Vendor to pay any supplier, subcontractor, affiliate or third party and (c) any claims that are subject to the indemnification obligations of Vendor under this Agreement.

APPENDIX 3
MARKING REQUIREMENTS FOR MUTILATED SAMPLES – 9811.00.60: 1

1. WEARING APPAREL

Apparel samples must be marked, torn, perforated, or otherwise treated so that they are unsuitable for sale or for use otherwise than as a sample in its imported condition.

- a. section may be cut or torn from the main body of the garment. This cut must be on the outside of the garment and visible and should not be on a seam or border. The size of the cut or tear should be at a minimum of 2 inches in length; OR
- b. The item may be marked with the word “SAMPLE” in *indelible ink or paint*. The size of the word “SAMPLE” should be at least 1 inch in height and not less than 2 inches in length. The word “SAMPLE” should be placed in a prominent area of the garment which will be visible when worn and in a contrasting color to the garment.

NOTE: The definition of an indelible marking is that which is incapable of being erased or obliterated. Markings in chalk or whiteout are two types of markings that do not meet that definition.

A. HATS AND GLOVES

The inside of the hat must be *indelibly* stamped or marked with the words “SAMPLE—NOT FOR RESALE”. This stamp must be in contrasting color to the article and marked on the underside of the bill of the cap, or other conspicuous location in one-inch block letters and physically placed on the article itself. Gloves must be stamped or marked on the inside near where the label would be located.

B. FABRICS (CONTINUOUS LENGTHS OR ROLLS NOT EXCEEDING TWO YARDS IN LENGTH)

The fabric or piece goods may be marked or perforated with the word “SAMPLE” at intervals of one-half yard for the entire length (total length not to exceed two yards). The size of the word “SAMPLE” should be at least 1 inch in height and not less than 5 inches in length and be placed at a perpendicular angle across the fabric. The word “SAMPLE” must be on the face or the front of the fabric and in a contrasting color to the fabric. *If ink is used, it must be indelible ink.*

NOTE: Fabric or piece goods over two yards in length even if they are marked would not qualify for treatment under HTSUS 9811.00.60.

C. FABRIC SWATCHES

- a. A section or hole may be cut in the main body of the fabric swatch. The size of the section or hole should be approximately 1 inch in diameter.

NOTE: The cut size may be sufficient to be considered a sample and therefore not require a section or hole to be cut in the fabric swatch; however, the facts of the importation should be considered, particularly the end use, which may lead to the determination that the swatches can be used in the condition imported and thus are not samples. The maximum size for a fabric swatch, which need not be cut or marked, is 8 inches by 8 inches. Any size larger must be cut or marked.

- b. the fabric swatch may be marked with the word “SAMPLE” in *indelible ink or paint*. The size of the word “SAMPLE” should be at least 1 inch in height and at least 2 inches in length and in a contrasting color to the swatch.

2. FOOTWEAR

One-fourth inch hole drilled in the sole of each shoe would be the minimum acceptable method of mutilating. Sample should also be marked "SAMPLE" in *indelible ink* in a conspicuous place.

3. HARD-GOODS

Any reasonable method of marking, whether by printing, stenciling, branding, labeling, by means of die stamping, cast-in-mold lettering, etching, engraving, or continuous paint stenciling, stating the word "SAMPLE" may be used to mutilate hard-goods. *If ink is used, it must be indelible ink.* The size of the word "SAMPLE" should be at least 1 inch in height and not less than 5 inches in length and in a conspicuous place on the article (or container).

If, because of the nature of an article, it is technically or commercially infeasible to mark it by one of the above methods specified, the article may be marked by an *equally permanent method* of marking or, in the case of small diameter pipe, tube, and fittings, by tagging the containers or bundles.

4. OTHER TEXTILE ARTICLES

Depending upon the article involved, a hole, cut, tear, may be used or indelible ink stamping or marking of the word "SAMPLE". The size of the word "SAMPLE" should be at least 1 inch in height and not less than 5 inches in length. The hole, cut, or stamp shall be on the outer surface of the article and in a location, which is visible, when the article is in use. *If ink is used, it must be indelible ink.* When stamping or marking is used, it should be in a contrasting color to the article on which it is placed. See above requirements for wearing apparel.

5. GENERAL REQUIREMENTS

- a. Samples valued at or less than \$1.00 (duty free): No duty is owed if samples are mutilated and valued at or less than \$1.00 per unit under HTSUS #9811.0060.
- b. Samples valued over \$1.00: The samples must be properly marked, torn, perforated or otherwise treated prior to arrival in the United States so that they are unsuitable for sale or for use except as commercial samples.

In both cases, these samples are to be used in the United States for soliciting orders by persons importing such Merchandise in commercial quantities.

6. INVOICES (i) The Commercial Invoice must be annotated with the statement: "MARKED SAMPLE---NOT FOR RESALE", HTS 9811.00.60, OR: "MUTILATED SAMPLE—NOT FOR RESALE", HTS 9811.00.60, depending on the type of marking. The invoice must be annotated with this notation prior to importation into the United States and (ii) the Merchandise must be properly marked prior to importation to the United States.
